# EMPOWERING OUR COMMUNITY THROUGH RESOURCES AND SUPPORT

**Mt. Shasta Community Resource Center offers a wide range of services to improve the health and wellbeing of our community members.** To enhance and expand our community resources, we work together with a broad spectrum of community partnerships including: business, child care, economic development, education, recreation, public health, social services and community planning.

**Through our partnerships with other community resources, we provide these services:**

## **About Family & Community Resource Centers...**

**The Family and Community Resource Centers provide opportunities for learning, special programs, and services to improve the lives of children, youth, families and older adults.** The goal of Family Resource Centers is healthy families in healthy communities.

A Family Resource Center brings together services and activities that educate, develop skills and promote growth in new directions to positively affect communities and the lives of individuals and families. This increases the opportunities and capacity for individuals and families to be healthy, involved members of dynamic communities.

Staff, volunteers and community members create a respectful partnership in working together to create a welcoming, safe, and healthy environment for growing, learning and connecting.
